<b>Mon 25 -Fri 29 April</b>	Art Week

On

Thursday we had the wonderful pleasure of taking a virtual tour around the world thanks to **Google Expeditions**. The Google team brought their full kit of virtual reality gear into the Junior School and using their Expeditions Pioneer Programme and cardboard VR viewer, they brought us to some of the most fascinating sights on the planet and further!

We stood on top of the *Great Wall of China*, swam with a great white shark, circled the magnificent *Taj Mahal* and walked in the footsteps of the Incas in *Machu Picchu*. We even took a trip into the future on *Moon* without moving an inch! An amazing experience for pupils and teachers alike!

**Mon 14 March**

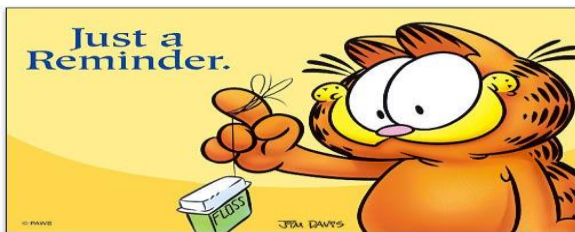

International Parent Coffee Morning in Dining Hall @ 9.00 am

## Sports News

Well done to the boys who played in the **A.I.J.S. basketball competition** on **Wednesday**. They showed excellent etiquette towards the opposition, respect to the referees and showed great team spirit throughout the afternoon. They narrowly missed out on a place in the semi-final by 1 point.

**Good luck** to the **boys hockey team** in their league playoff game against **Taney** on Friday afternoon.

**Grandparents Day** is on **Monday 23 May** - details to follow.

Well done to **Rosie P4D** who was awarded a *Highly Commended Award* in the **AIJS Poetry Competition**.

## Student Council

Our student council will hold its first meeting today. Each class from P1 - P6 have voted/nominated 2 reps - one girl and one boy - who will represent their classes for the current academic year.

More details and photos to follow in next week's scope!

**Lastly** but not least we welcome **Mr Liam Cousins**, our new Art teacher (while Mrs Kramer is away).

We like him already! - He made this cake for the staff's Friday break - more please!!
