

Saint Andrews College Junior School

By Eva Butler

Saint Andrews is a fantastic junior school for children. Small children would LOVE my school because your teacher would maybe read your class a story during the week and there is fun equipment in the playground like slides and swings and lots more! The older children would LOVE my school because the sports we do with Lee, Scott and Mrs Cole are really enjoyable. Sometimes, we get to play dodgeball! We also do superb music with Ms Armitage and Sally! Sometimes, Mr Cousins (our AMAZING art teacher) lets us go to the art room on some Mondays and trust me it is really fun! Another thing that is really amazing is the hockey pitches. On Fridays Lee, Scott and Mrs Cole bring us from our classroom to the hockey pitch and we play lots of fun games and learn new skills! So please come to Saint Andrews College Junior School!
