

Genre: Non-Fiction Autobiographical Memoir

Details: Adam Kay is now a comedian, but he used to be a junior doctor. He penned this book in secret after endless hours and many sleepless nights as a junior doctor in the NHS and what follows is a no-holds barred look into life on the front line of hospitals in England. Quote: "So I told them the truth: the hours are terrible, the pay is terrible, the conditions are terrible; you're underappreciated, unsupported, disrespected and frequently physically endangered. But there's no better job in the world."
